

Office of the Director of Public Works

To: City of Milton Public Works Committee
From: Howard Robinson, Director of Public Works
Date: November 5, 2019
cc: Mayor Anissa Welch, Common Council Members
Subject: Discussion and Possible Action on 2020 Sidewalk Installations.

Discussion

Included in the packet is a possible location for sidewalk installation. Each year \$25,000 is designated for sidewalk installation and repair. There is enough budgeted to install the sidewalk on the east side of Rogers Street from E. Gailen Lane to the playground at Water Tower Park and up to the T intersection with Tower Hills Drive. This installation continues our progress to make the parks more accessible. This would leave some sidewalk funds for repairs to existing sidewalks. There would be no assessment for this installation.

Staff Recommendation

Staff recommends installing the Rogers Street sidewalk to connect the park with existing sidewalks. If this is selected and approved with the 2020 budget, staff will proceed with obtaining quotes for installation and repairs.
