FROM: School District of Milton

RE: Maintenance of Bioretention Basins at Milton High School

This memo accompanies the site plan materials submitted to the City of Milton for the Plan Commission meeting on January 21, 2020.

The required maintenance on the bioretention basin to be constructed at Milton High School will be performed by the School District of Milton. The maintenance of these basins will follow the 'Typical Maintenance Activities for Bioretention Areas' outlined in Section VIII table 6.

Sincerely,

Stephen Schantz

Director of Buildings & Grounds
School District of Milton
